Summary

Full Stack Developer with freelance experience designing, developing, and deploying responsive web applications using React.js, Node.js, Express.js, MySQL, MongoDB, and REST APIs. Experienced in building scalable applications, integrating secure authentication, optimizing performance, and collaborating using Git-based workflows.

Work Experience

Freelance **Mar 2026 – Present**
Full-Stack Developer *Remote*

- Developed and deployed websites building **10+ reusable React.js UI components** with responsive and scalable design.
- Improved performance using **lazy loading and image optimization**, reducing load time by **˜40%** and achieving **96% Lighthouse Best Practices score**.
- Implemented **SEO best practices** (meta tags, structured data), achieving a **100% SEO score** and enhancing search visibility.
- Delivered and deployed 4 live projects on **Vercel**: Shivay Solar, Vishwakarma Engineering Works, SnapLoad and a Notes App (GitHub)

Projects

Dhaani Properties – Real Estate web App | *React.js, Node.js, MongoDB, REST APIs, JWT* **Link**

- Developed full-stack application using React.js and Node.js. Integrated REST APIs via Axios for listing, search, role-based access.
- Implemented JWT authentication for Admin/User roles; ensured cross-browser compatibility and responsive design.
- Optimized MongoDB queries with pagination, reducing load time by **30%**.

Brain Tumor Detection System | *Python, TensorFlow/Keras, REST APIs* **GitHub**

- Developed a full-stack application integrating a CNN-based TensorFlow model with REST APIs for automated brain classification.
- Improved system performance through optimized inference pipelines, achieving **90%+ accuracy** and enabling reliable real-time predictions.

Skills

Frontend: React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, MySQL

Programming Languages: Java, JavaScript, C++

Developer Tools: Git, GitHub, Postman, VS Code, Cursor, AI

Soft Skills: Quick learner, Good communication, Teamwork abilities, Problem-solver

Education

Bachelor of Technology – Computer Engineering **Dec 2021 – Jun 2025**
Dr. Babasaheb Ambedkar Technological University, Lonere *CGPA: 6.55*

- Coursework: DSA, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering

Certifications

- **Java Full Stack Development** *Apr 2025*
  Core Java, Spring Boot, REST APIs, and full-stack application development.
- **Programming in Core Java – Infosys** *Sep 2024*
  Java fundamentals, object-oriented programming, and application development.
- **Software Testing Certification**
- **Security and Connectivity Support Certification**
- **LeetCode** – Solved **100+ DSA problems** Leetcode
